Parents - KCKC is **NOT** a childcare provider. KCKC is an enrichment program, is optional and not associated with the Department of Education. In order for KCKC to be a success, the involvement of the community and parents is **mandatory**.

Parents must provide a form of support. For those parents that are working on Furlough Fridays, you must provide healthy snacks for the group alternately or recommend volunteers, guests, speakers, etc. for the program. KCKC hours are firm, **a donation of \$5/minute will be expected for late pick up.** If childcare is needed the YMCA is on campus for that purpose. _____
